

Aspects of Love

Loving the Inner You

Coming in 2021 at LOMC, Oregon, IL.

Come spend a weekend exploring the many Aspects of Love, as we deepen our understanding of our inner voice. We will bridge the gap of loving ourselves through support of community. This weekend will allow us to work on clearing old patterns that no longer serve us as we determine how to prepare ourselves for love on all levels.

We will dive deep within to reconnect to our true love of Ourselves, Family and Others, Career, and Nature/Spirit. We work in large group, small groups and individual work. We will do several other experiential exercises including a fire ceremony, guided-meditative trance dance, sound healing, a heart energy painting, which are all meant to clear and call in love in all areas of our lives.

Bring a loved one with to share this experience. The cost of \$547 includes lodging, food and the workshop. A \$150, non-refundable deposit is required to guarantee your spot.

For more information please call Elias at 773-817-0923.
